Message from Dr. Sandy

01

As we reflect on 2024, I am proud of the strides we've made in advancing our mission of providing cost-free access to critical breast health resources.

This year, we supported over 1,600 women with 2,100 potentially life-saving breast health tests and expanded our reach into even more underserved communities. Our cherished events, including the Glitz & Glamour fashion show, brought us together once again, funding hundreds of screening mammograms and reinforcing our shared commitment to ensuring everyone has a chance to survive. None of this would be possible without the unwavering support of our donors, corporate partners, grantors, hospital collaborators, and incredible team. While challenges remain, together, we are transforming lives and building a future of hope.

Expanding our Horizons

Welcome to our Associate Board!

We were thrilled to attend the Associate Board's first event and see such amazing support for A Silver Lining Foundation! Despite the snowy Chicago evening, 42 tickets were sold, the wine pull sold out, and as a result, 11 women in need will now receive a cost-free mammogram. Congratulations to the Associate Board on a fantastic event!

Why it Matters

"I had a long overdue mammogram last week! Thank you for the gift of health. It gives me and many other women the chance that all women should have. A chance to save our lives. It is truly the gift of love."

"I had my first mammogram today because of you. I can NOT thank you enough. I was in awe at how easy you made this and how wonderful the woman was who I initially spoke to. You're saving lives by your existence. I humbly thank you."
